STANDARD WALLWASH RGB 10MM

THE VERSALIGHT LED RANGE OF PRODUCTS IS A COST EFFECTIVE RANGE OF MULTI-PURPOSE LED BASED PRODUCTS.

VERSALIGHT STANDARD WALLWASH RGB 10MM:

Is a multipurpose linear WALLWASH light that is suited for both installation and staging applications where a slim fixture is needed.

The STANDARD WALLWASH RGB uses 252 x 10mm LED's. This configuration gives out a soft narrow beam of light output with smooth and even dimming to create a wide range of colours.

The WALLWASH is divided into three RGB sections which are ideal to create rainbow effects and pixel mapped effects. The unit can be used in both standalone mode or via the DMX512 Protocol and is equipped with 3 pin XLR connectors.

A 7 segment display screen makes setup and control very easy. All units come with a pre-moulded 15A South African Plug top.

APPLICATION :

ENTERTAINMENT LIGHTING - THEATRE - STAGING - TV & FILM INDUSTRY
